1) Between the sacred and the profane

With this itinerary we will know the spiritual aspect of the territory of Capo di Ponte. Places rich in history and faith where man has left important testimonies. From the Monastery of S. Salvatore to the Pieve di S. Siro, monuments of great cultural importance and exponents of Lombard Romanesque architecture.

2) An outdoor museum: Gran Tour of the Camuni

Itinerary to discover the aspects that characterize the most precious area of Capo di Ponte: the National Park of the Rock Engravings of Naquane, the first park established in Valle Camonica which is one of the most important complex of carved rocks and the National Archaeological Park of the Massi di Cemmo, an archaeological area of great importance in the history of Camunian art studies, UNESCO World Heritage n. 94.

3) MUPRE - National Museum of Prehistory Camuna

Itinerary to discover MUPRE, the National Museum of Prehistory, housed in the ancient building of Villa Agostani in the historic center of Capo di Ponte, integrates, with the exhibition of the finds, the heritage of images engraved on the rocks and reunites, in a whole indissoluble, the identity of Valle Camonica.
